

Nemerofsky Plastic Surgery

PATIENT CONSENT FORM FOR THE TITAN PROCEDURE

I hereby authorize Dr. Nemerofsky or any delegated associates to treat me with the Titan device. I understand that this procedure works by creating a thermal response in the dermis that induces collagen contraction and stimulates new collagen. There is little or no downtime associated with this treatment. It is possible the result will be minimal or not help at all.

I am aware of the following possible experiences/risks:

- DISCOMFORT – Some discomfort may be experienced during treatment.
- REDNESS/SWELLING/BRUISING – Short term redness (erythema) or swelling (edema) of the treated area is common and may occur. There also may be some bruising.
- PIGMENT CHANGES (Skin Color) – During the healing process, there is a possibility that the treated area can become either lighter (hypopigmentation) or darker (hyperpigmentation) in color compared to the surrounding skin. This is usually temporary, but, on a rare occasion, it may be permanent.
- WOUNDS – Treatment can result in burning, blistering, or bleeding of the treated areas. If any of these occur, please call our office.
- INFECTION – Infection is a possibility whenever the skin surface is disrupted, although proper wound care should prevent this. If signs of infection develop, such as pain, heat, or surrounding redness, please call our office 973-784-1024.
- SCARRING – Scarring is a rare occurrence, but it is a possibility if the skin surface is disrupted. To minimize the changes of scarring, it is IMPORTANT that you follow all post-treatment instructions carefully.
- EYE EXPOSURE – Protective eyewear (shields) will be provided. It is important to keep these shields on at all times during the treatment in order to protect your eyes from injury.

The following points have been discussed with me:

- Potential benefits of the proposed procedure
- Possible alternative procedures such as surgery
- Probability of success
- Most likely possible complications/risks involved with the proposed procedure and subsequent healing period
- Post-treatment instructions

For women of childbearing age: By signing below I indicate that I am not pregnant. Furthermore, I agree to keep Dr. Nemerofsky and staff informed should I become pregnant during the course of treatment.

Photographic documentation will be taken. I hereby do do not authorize the use of my photographs for teaching purposes.
